25 August 1966

MEMORANDUM FOR THE RECORD

SUBJECT   :   OCS Programming for General Ledger Account
                606.0

From information furnished by [   ] of Accounts   25X1

Division when General Ledger Account 606.0 was originally estab-

lished provision was made to expand columns 34 to 39 to columns

32 to 39 in order to accommodate future use of FEDSTRIP and MILSTRIP

order numbers in lieu of Agency receiving report numbers. This is

a shift from six digits to eight
                                                                               25X1

```
                              Chief,
                       General Claims Branch
                            C&L/OF
```

Distribution:
Original - GCB Subject File
        1 - Chief, C&L/OF
